

## SAVE THE DATES

### Women's leadership in Disaster Risk Reduction Webinar Series

Join us for conversations about women's leadership and gender inclusive and responsive disaster risk reduction (DRR).

In the lead up to the Asia-Pacific Ministerial Conference on Disaster Risk Reduction we've invited key Pacific leaders in DRR to discuss "Investing in inclusive preparedness and resilience" and "Pacific approaches to gender, disaster response and supporting resilient communities".

We warmly invite you to be part of these conversations which will further inform discussions about gender inclusive and responsive DRR and women's leadership at the regional level conference in Brisbane in late September.

#### Investing in Inclusive Preparedness and Resilience

Date: 8 September 2022
